## Färgmarkeringar och/eller symboler för hållbara alternativ i prislistan:

### Mörkgrön markering eller symbol

Miljömärkt produkt – Möbler där hela den sammansatta varan har en typ 1 miljömärkning enligt ISO 14024 med Svanen, Möbelfakta, EU Ecolabel eller annan likvärdig märkning.

### Ljusgrön markering eller symbol

Hållbarhetsmärkt produkt eller beståndsdel – Möbler där hela eller delar av den sammansatta varan är hållbarhetsmärkt, exempelvis med FSC, EU Ecolabel eller OEKO-TEX®. Leverantören ska kunna ge mer detaljerad information om vilka delar eller variationer som är hållbarhetsmärka vid begäran.

### Orange markering eller symbol

Klimatberäknad produkt – Produkt med dokumenterad miljövarudeklaration (EPD) enligt ISO 14025.

### Lila markering eller symbol

Produkt med återvunnet eller förnybart material (enligt definitionerna i ISO 14021). Leverantören ska kunna ge information om andel (%) återvunnet och/eller förnybart (biobaserat) vid begäran. Märkning av återvinningsbart material utgår.

### Blå markering eller symbol

Demonterbar produkt – Produkt som är demonterbar till olika komponenter och beståndsdelar som i första hand möjliggör återbruk och i andra hand materialåtervinning när produkten nått sin fulla livslängd. Produkten ska vara designad för renovering, det vill säga att det ska vara enkelt att reparera och byta ut moduler, komponenter och beståndsdelar som slits över tid. Exempelvis ska ytskikt, som bordsskivor, textil och stoppning kunna tas isär, avlägsnas och ersättas med hjälp av vanligt förekommande manuella verktyg, ej specialverktyg. Enklare reparationer och utbytesarbeten ska kunna utföras av en lekman. Om det krävs fackmanakunskap för mer avancerade arbeten ska det framgå av anvisningarna som leverantören ska kunna ge vid begäran. Anvisningarna ska innehålla en sprängskiss, steg för steg beskrivning inklusive vilka verktyg som krävs samt hur möbelns ingående delar bör källsorteras.

# More life to rooms with RBM

We believe the best ideas are created when people meet, collaborate and create together.

The RBM New Collection enriches the existing RBM universe, offering a new depth of furnishing solutions for a wide range of interior spaces including in the public sector, the hotel and catering industry and institutions, from informal seating areas to office workplaces and at home.

Featuring 19 fresh designs to the RBM portfolio, from effortlessly comfortable armchairs to flexible sofa systems, dynamic stools to adjustable tables, the RBM New Collection offers a complete furniture solution for almost every working environment.

# RBM Com

RBM Com has big events in mind.

The simple plywood monoshell is available in various wood and high pressure laminate (HPL) finishes. Gentle contours and a range of upholstery options give RBM Com an extra level of comfort. RBM Com is available with four legs, sledge base and "spider" base, among others.

It is suitable for many environments such as lecture, theatres, meeting rooms and cafeterias. The collection includes a selection of accessories that make it easier to number, stack or link chairs in rows, essential functions when organising large events.

# RBM Com Bar

RBM Com Bar brings everyone to the table.

With a sitting height of 80 cm, RBM Com Bar is designed for tables, bars and counter tops between 104 and 110 cm high. The square shaped shell is available in three different finishes: a bare plywood shell, bare plywood with an upholstered seat or fully upholstered. The shell is available in standard lacquer colours, natural modified veneers or high pressure laminate (HPL).

# RBM Chic

RBM Chic is simple sophistication, a classic design.

A collection of chairs that use subtle profiles and soft lines to give the visual effect of lightness, RBM Chic is compact, simple and classic in form. The collection offers chairs with thin metal frames, wooden legs or a four-star base, as well as bar stool, armchair and swivel options.

RBM Chic is designed especially for cafés, restaurant spaces, waiting rooms and hotel lobbies. The armchair option lends itself to relaxation zones in hotels, guesthouses, lobbies and offices. It has a characteristic low-seated shape compared to other designs in its arena. Reclining shells and comfortable foams welcome users to enjoy less-formal meetings.

When mounted on a swivel base, RBM Chic is equipped with an auto-return function, making it ideal for areas that need to be kept neat and orderly.

# RBM Chic Air

The RBM Chic Air is the moment sleek meets soft.  
The perfect combination for a social, reflective space.

The collection is based on sharp-edged geometric forms combined with a subtle frame profile. Sublime, well-thought-out shapes, unique foam forms make the armchairs eye-catching elements of any interior.

To give it a more individual look, two different upholstered surfaces can be combined on one model. For example, high quality leather on the outside, with soft upholstery inside the shell. There is a variety of options to choose from, including high or low backs, chairs with or without armrests, and benches. The product has been awarded the Red Dot Award: Product Design 2017 for an outstanding design.

# RBM Chic Lounge

The RBM Chic Lounge is the moment sleek meets soft. The perfect combination for a social, reflective space.

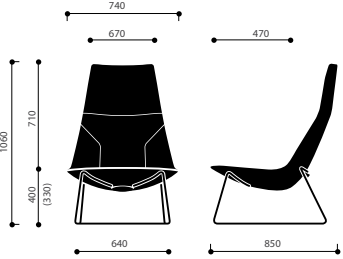

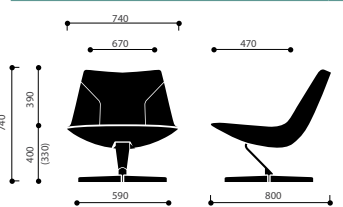

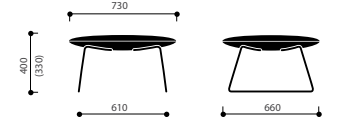

The collection is distinguished by minimalist, elegant design, while the style is dominated by subtle forms that blend perfectly with many different spaces. Each element is made with the greatest care, giving the possibility of combining leather with fabric. While it has a light form, the RBM Chic Lounge is perfectly comfortable to relax in.

The RBM Chic Lounge chair comprises of a metal frame covered in polyurethane foam. It is available with two versions of backrest - low and high. The collection also includes an elegant footrest and cushion. The armchairs can be personalized with the choice of a metal wire frame or four-star base, available in various colours: Black, White, Steelgrey and Metalsilver.

Design by: Christophe Pillet

# RBM Ellie<sup>Pro</sup>

RBM Ellie<sup>Pro</sup> collection stands out, for outstanding spaces.

These chairs combine the comfort of an armchair with the ergonomics and functionality of office furniture. Their curved lines create a cosy atmosphere wherever they are, helping soften the hard lines around an office.

Due to the self-intuitive regulation mechanism, discreetly incorporated into the seat, the chair may be quickly and easily adapted to individual needs. A wide choice of bases and upholstery colours make it easy to match any interior design – be it a creative or a classic one.

The four-star aluminium base comes as a perfect solution for modern conference rooms, and the black or light grey five-star plastic base is a universal proposal for open-plan offices. The metal wire frame will look great in a study, and the wooden leg option is especially attractive in hotel or lounge spaces.

# RBM Fan

Quietly sophisticated. RBM Fan ushers elegance in all its forms.

The elegant shape of the shell with its precise stitching is the most striking feature of the armchair. This unique look is achieved by selecting type and colour of upholstery. It is a universal chair to use both in the office and at home – in open spaces, conference rooms, and receptions.

The shell is made of cold-moulded foam technology. The armchair is available with a four-star swivel base with castors, a four-star swivel base with glides, a four-star base with glides, a sledge base or wooden legs.

# RBM Wall In

RBM Wall In offers pragmatic solutions for an enhanced everyday experience.

RBM Wall In is a modular seating system characterized by simple geometric forms, suitable for spacious and modern interiors such as halls of public buildings and receptions. The collection has been developed to offer highly versatile and mobile seating configurations that can be easily rearranged and effortlessly adjusted.

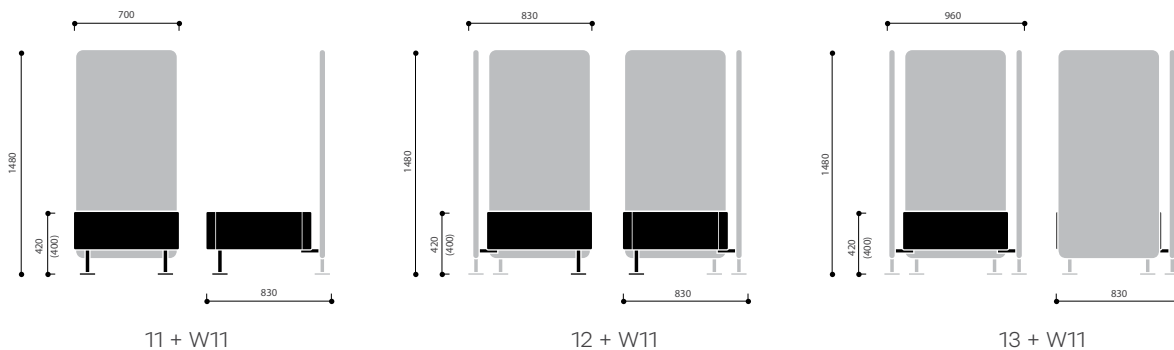

The family comprises pouffes, armchairs, tables and linking units (30 and 60 degrees) completed with partition walls upholstered in fabrics. The wall fulfils a separating function marking out a space perfect for a private conversation.

# RBM Vancouver Lite

With firm lines and primary shapes, the RBM Vancouver collection is born to stand out.

The Vancouver Lite collection is comprised of armchairs and sofas, featuring austere cubic forms that blend perfectly with the style of modern spacious offices. Elegant design and careful selection of finishing materials make the RBM Vancouver Lite line appreciated by those with an eye for detail.

Vancouver Lite fits perfect in reception areas, open public office areas and waiting areas. The partition walls provide meetings in silence and privacy.

The collection is completed with a line of modern, round and square-shaped pouffes – RBM Vancouver Oto.

# RBM Mickey

RBM Mickey is the perfect seat for those looking for a more active approach to work.

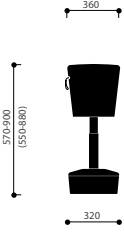

The seat swivels and swings from side to side and has a height adjustment that goes from a low pouffe to a seat. This provides support during standing work, but can serve different needs – either quick conferences for several people or sitting at a desk with someone for a while.

Secondly, thanks to a special handle, the seat can be easily moved, rearranged and height adjusted all at the same time. RBM Mickey can be ordered in pastel or more expressive upholstery colours in combination with neutral plastic colours.

The RBM Mickey is developed in line with human factor considerations and can be used for active deskwork, both seated and standing. It also follows your position flawlessly with a built-in 10-degree tilt to either side. These changes of position during work provide active seating support.

Design by: ITO Design studio

RBM Mickey	Description of model	Base/frame colour	Additional information	Weight	Price SEK – Price group					
					1	2	3	4	5	6
	Stool, swivel w/height adjustment and sideways tilt 10°	Light grey (RAL 7047) Grey (RAL 7043) Beige (RAL 7036)	<p>The base comes in two options; one with plastic in the same colour as the rest of the plastic elements, the other partly covered in the same fabric as the seat.  <b>Please clearly indicate on your order the chosen option.</b></p>	11,5 kg ①	3 762	4 139	4 326	4 514	5 266	-
			<p>Handle for height adjustment is always made of the same fabric as the rest of the seat.</p>

# RBM Seven

The functional design of RBM Seven adds a distinctive character and to any modern interior.

RBM Seven is a thought provoking coat stand manufactured in high quality durable steel with several joyful colours to choose from.

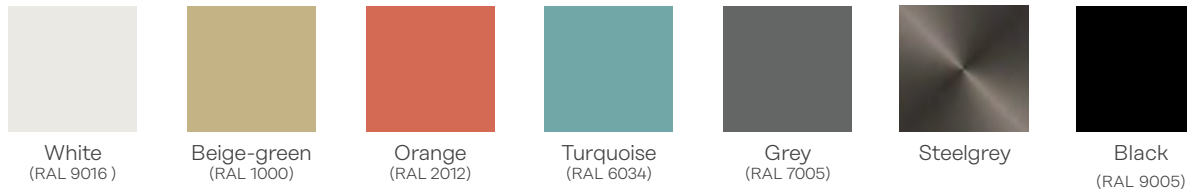

Additional coat hooks in contrasting shades, imitating colourful buttons, enhance its originality. The hanger makes for an excellent design element that fits into homes as well as office spaces.

Design by: Tomek Rygalik. Studio Rygalik

# Standard fabric collection

This is the RBM standard selection of textiles and colours for our chairs. All fabrics and leather in our Standard collection are of excellent quality and come from renowned suppliers we choose to collaborate with. Normal delivery time for Standard fabric collection is 20-30 days from factory. The guarantee requires that routine cleaning is performed on the chair and textile/leather.

Maintenance: Please vacuum with a furniture brush or use a clean, white cloth or sponge slightly dampened with clean, lukewarm water.

Please note that colours shown in these illustrations may vary from the actual colours.

Please contact your local RBM supplier to view a sample.

## Cura (Gabriel) - Price group 1

Cura is a two-coloured fabric made from 98% post-consumer recycled polyester. It has a matt, slightly irregular and natural-looking texture where the dark, underlying grey fibers create a discreet yet vibrant melange effect. High durability and stretchability and its soft, voluminous touch make Cura suitable for both office and lounge furniture.

Composition: 98% post-consumer recycled polyester, 2% polyester

Abrasion resistance: 100 000 Martindale (EN ISO 12947-2)

Flammability: BS EN 1021: 1-2, BS 5852 0&1, CA TB 117-2013, ASTM E 84 Class I

Light fastness: 5-8 (EN ISO 105 - B02)

Rubbing fastness: 4-5/4-5 (Wet/Dry) (EN ISO 105X12)

Pilling: 4-5 (EN ISO 12945-2)

Environmental facts: EU Ecolabel, Oeko-Tex® Standard 100, Contains no Flame Retardant chemicals, ISO 14001 certified company

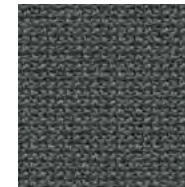

Design: Cenk Kivrikoglu

Produced in: Lithuania

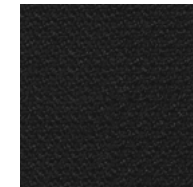

Cleaning: Wash or dry cleaning. Can be disinfected with ethanol and is bleach-cleanable. (For further info follow Gabriel's cleaning guidelines – [www.gabriel.dk](http://www.gabriel.dk))

# RBM New Collection colours & materials

Please see product pages for colour and material details on products.

Note that colours shown in these illustrations may vary from the actual colours.

Please contact your local RBM supplier to view a sample. Wood is a natural material, therefore every piece of furniture will have a unique appearance, often with naturally-occurring variations in colour, texture or pattern of wood. Natural aging and exposure to light will also change the colours of finished wood.

Lacquered solid beech or beech plywood

RBM by Flokk

flokk.com

Flokk is the leading manufacturer of high-quality workplace furniture in Europe, developing a growing family of global brands. We are the proud owner of product brands HÅG, Offecct, Giroflex, RH, Profim, 9to5 Seating, BMA, RBM, Connection and Malmstolen. A structured focus on the environment through several decades has enabled us to be a leader in the development of sustainable furniture.

Our head office is in Oslo, Norway, with main production sites in Røros (Norway), Nässjö (Sweden), Turek (Poland), Huddersfield (UK) and Hawthorne (USA). In addition, we keep sales offices in Norway, Sweden, Denmark, Germany, Belgium, the Netherlands, UK, France, Switzerland, Singapore, USA, Canada, China and Australia. Flokk products are sold in more than 80 countries worldwide. About 2000 employees work together to realize the vision of Flokk: Inspire great work.
