Emeco furniture is built in accordance with the highest standards of design and manufacture. Emeco warrants its furniture to be free from defects in material and workmanship under normal use and conditions for the periods stated below from date of receipt.

This warranty extends only to the original purchasers who purchased new products from Emeco.

Fabric that is not manufactured by Emeco is not covered by this warranty but governed solely by the guarantees or warranties, if any, of the upholstery manufacturer. This warranty also does not include factory upholstery, scratches and chips to a powder coated color finish, scratches or discoloration and deterioration to plastic (due to harsh cleaners) or plastic laminate components, scratches and blemishes to polyurethane components, scratches and blemishes to a polished finish, wood finishes, table top wear, or floor glide wear.

This warranty does not include scratches or discoloration and deterioration to rPET plastic (due to harsh cleaners), reclaimed Wood Polypropylene plastic or floor glide wear. Variations in color and finish are integral to the rPET and reclaimed Wood Polypropylene as well as all the recycled and reclaimed materials we use in our products and should be expected.

Natural variations in wood grain and color is characteristic of this natural material and are not included in this warranty.

Discoloration of surface materials due to stains, harsh cleaners, dye from clothing including denim are not included in this warranty.

Emeco is not liable for any loss of time, inconvenience, commercial loss, incidental or consequential damages incurred or suffered by the purchaser or any third party in respect of the product.

This warranty does not apply to furniture damaged by accident, abuse, neglect, or misuse, nor does it apply if repairs are attempted by purchaser or by anyone other than an authorized Emeco agent or the Emeco factory.

In no event shall liability under this warranty exceed the original purchase price of defective furniture.

Emeco will replace or repair defective furniture covered by this warranty. Customers must send an email to info@emeco.net to report a claim, and items must be shipped, prepaid to: Emeco, 805 Elm Ave., Hanover PA USA 17331.

PAYMENT TERMS

Emeco requires a 50% deposit upon order and balance due before shipping. Prices do not include shipping; shipping quotes may be obtained by contacting Emeco Customer Service, 1 717 637 5951, info@emeco.net. Emeco accepts cheques, wire payments, and credit cards within USA.

Please send checks to Emeco Industries, 2650 El Presidio Street, Long Beach, CA 90810, USA.

Emeco requires a 25% restocking fee on returned orders of standard products. Custom products, Kong chairs and stools, and special powdercoat items may not be returned.

ENVIRONMENTAL STATEMENT

EMECO'S ENVIRONMENTAL VISION:

At Emeco, we take a responsible approach to our production and processes when manufacturing our furniture. We are committed to sustainability and protecting our environment. Emeco is committed to minimizing our impact on the environment by choosing materials, methods and processes that offer the least risk to our environment without compromising design, performance or affordability.

OUR POLICY:

We utilize the best available control technologies to reduce the environmental impact where needed, recycling waste and used materials at every opportunity, eliminating other impacts to the environment and reducing the carbon footprint of our products to minimum achievable levels.

At Emeco, we strive to improve our operations in all areas. In addition to reducing energy consumption, whenever possible we go beyond and select energy sources that have the lowest impact on the environment, such as electricity from renewable resources.

We use post-consumer and post-industrial waste that would otherwise be disposed as waste, to create chairs intended to last decades. At Emeco we make chairs from recycled aluminium that are made to last at least 150 years.

VOC CERTIFICATION

The following models conform to the ETL Environmental VOC+ Product Certification: 1 Inch Aluminum Collection, 1 Inch Reclaimed Collection, 20-06 Collection, Alfi Collection, Broom Collection, Emeco Café Aluminum Tables, Emeco Stool, Heritage Collection, Hudson Collection, Icon Collection, Kong Collection, Lancaster Chairs and Stools, 111 Navy, 1006 Navy, 1104 Navy, Navy Upholstered Collection, Run Aluminum Benches and Tables, Sezz Collection, SoSo Collection, Superlight, SU Cork, SU Recycled Plastic, and SU Wood.

HEALTH PRODUCT DECLARATION (HPD)

The following models conform to the Health Product Declaration (HPD), and are included on Mindful Materials platform: 1 Inch Aluminum Collection, 20-06 Collection, Alfi Collection, Broom Collection, Emeco Café Aluminum Tables, Emeco Stool, Emeco Occasional Table, Heritage Collection, Hudson Collection, Icon Collection, Kong Collection, Lancaster Collection, 111 Navy, 1006 Navy, 1104 Navy, Sezz Collection, SoSo Collection, Superlight.

HEALTHIER HOSPITALS PROGRAM

The following models adhere to the Healthier Hospitals Safer Chemicals Challenge, Version 2.0: 1 Inch Aluminum Collection, 1 Inch Reclaimed Collection, 20-06 Collection, Alfi Aluminum, Broom Collection, Emeco Café Aluminum Tables, Emeco Stool, Emeco Occasional Table, Heritage Collection, Hudson Collection, Icon Collection, Kong Collection, 111 Navy, 1006 Navy, Navy Upholstered Collection, Run Aluminum Benches and Tables, Sezz Collection, SoSo Collection, Superlight, SU Cork, and SU Recycled Plastic.

OUR PROCESSES:

- Emeco's products are manufactured in the US.
- The Emeco factory in Hanover PA conforms to all applicable US, State and Local environmental requirements.
- Emeco uses clear coat anodizing as the surface finishing method for most of our products. This not only significantly reduces particulate emissions, but also produces no volatile organic carbons (VOCs) in the application of the finish.
- All welding machines have internal cooling systems to reduce water consumption by 15%
- Advanced lighting technologies are installed throughout our manufacturing operations resulting in a 24% annual reduction in electrical consumption rate.
- All aluminum used in Emeco products are at least 80% recycled and 100% recyclable.
- Of the recycled aluminium, half is post-consumer (soft drink cans) and half is post-industrial (manufacturing scrap). Chairs made out of virgin aluminium have an energy density that is 17 times higher than that of Emeco chairs. Use of recycled aluminium as oppose to virgin aluminium in production leads to 95% less energy consumption.
- Emeco's aluminium scrap generation-rate is approx. 6% annually by weight.
- Emeco Manufacturing returns 100% of aluminium scrap to recyclers.
- Emeco's 111 Navy Chair contains at least 65% Recycled PET plastic.
- 100% of the PET used comes from a post-consumer recycled source.
- Emeco's Recycled PET chairs are 100% recyclable.
- Emeco uses sustainable timber and low-VOC finishes on our wood components.
- Emeco's Broom chair is made of 90% industrial waste content and is 100% recyclable.

- The reclaimed wood polypropylene seats of Emeco's Alfi and 1 Inch collections are made of 100% industrial waste content and are 100% recyclable.
- Emeco's Su Collection uses a variety of reclaimed and recycled materials in components such as recycled PET, Green Concrete mixed with post-consumer glass, reclaimed wood and recycled aluminum.
- Emeco has a chair-to-chair recycling program. The plastic and all-aluminum chairs can be returned to Emeco for recycling. Emeco will recycle and put the recycled material back in chair manufacturing of the same or similar model.

LEED CERTIFICATION

No product can be LEED Certified; Certification is only granted to the entire building or interior. A project is LEED Certified by qualifying for credits that accrue when environmentally sound choices are made in the design and building process. Product choices can help the project qualify for LEED Certification by being environmentally sound. Some jurisdictions require new construction to have a minimum number of LEED Credits.

Specifying Emeco furniture contributes to credit **#2.1** Construction Waste Management because Emeco uses 100% recyclable shipping and packing materials.

Specifying the Emeco 111 Navy Chair and Su stools with PET seats contributes to credit **#4.2** Recycled Content. 111 Navy Chair is made of 65% and Su stools with PET seats are made of 50% post-consumer recycled material.

Specifying Emeco aluminium furniture contributes to credit **#4.2** Recycled Content because it is made of between 80% recycled aluminium; 40% post-consumer recycled material and 40% post-industrial recycled material.

Specifying Emeco furniture contributes to credit **#5.1** Regionally Manufactured Materials when shipped projects within 500 miles of our Hanover, PA facility – cities on the East Coast from Boston through Washington, DC. In addition, the recycled aluminium used in Emeco products is processed in Baltimore, MD, adding another credit contribution.

Specifying the Emeco 111 Navy Chair contributes to credit **#5.1** Regionally Manufactured Materials when shipped projects within 500 miles of our Lenoir, NC facility – cities on the East Coast from Washington, DC through Miami. In addition, the recycled PET plastic used in the Emeco 111 Navy Chair is processed in Cavendish, VT, adding another credit contribution.

Aluminium does not emit VOCs or aldehydes in any measurable concentration, therefore gassing requirements are not applicable.

LEED (Leadership in Energy and Environmental Design) is a division of the US Green Building Council, a government sponsored organization whose goal is to promote environmentalism in the building industry. For more information visit www.usgbc.org.
